## VERSE

From You there's no escape, but still my heart it aches, until I  
resonate with the Source of Life

Everywhere, everywhere, everywhere

From you there's no escape, but still my heart it aches, until I  
resonate with Source of Life

Changing my frequency, until I see start, this flow of energy  
I'm fully alive

From you there's no escape, but still my heart it aches, until I  
resonate with Source of Life

Changing my frequency, until I see start, this flow of energy  
I'm fully alive
