## ENRAPTURED

F7                    G   A  
With the heart of a child

Wide-eyed and running wild

Your breath, the wind on my face

I run and you chase

Sometimes there are twists in the road  
                          Em7        F7  
But it doesn't change who I know  
                          A        G  
And into the dance I go

### Chorus

Am7            G  
You are the joyous kiss of breakthrough  
C        Dm7  
Every moment that I look to You

It's here, here that I find You

My every breath returning back to You

My every breath returning back to You
